

March 30, 1976

floor. When you see it in its Final Reading you read it, you will be proud of the activities that this Legislature is doing in 987. Do not be lulled to sleep that this bill has been gutted. Do not be lulled to sleep that the political forces against this bill are unsurmountable, neither one of those are true. I support this bill with my whole heart and I mean it that way. Sure, I don't agree with maybe 15-20% that is in the bill. But, I will not concentrate on what I dislike, I will concentrate on what I like. You people, my friends, I know that you will do the same, and that will stop any kill motion and it will put 987 in the law books.

PRESIDENT: Senator Warner.

SENATOR WARNER: Mr. President, members of the Legislature, the remarks of Senator Kelly could not be improved upon. I strongly oppose the kill motion. I totally agree that it is the total bill that you have to look at. Each of us may see things in it that we would desire to see some other way, but there is no question that the bill as it stands, is a progressive step, and one that ought to be taken and Senator Kelly has so well put it, and it is one that ought to be enacted. I would hope that the body would quickly turn down this kill motion.

PRESIDENT: Senator Kremer.

SENATOR KREMER: Mr. Chairman, at this point I know how I am going to vote, and I think that every other member in this body knows how we are going to vote. I think that we could debate this kill motion until 12:00 and won't change any votes. We have got a lot of work to do. We have taken a lot of time on this bill. I move the question.

PRESIDENT: Do I see five seconds? I do. The question is shall the debate now cease. Record your votes. Record.

CLERK: 30 ayes, 1 nay.

PRESIDENT: Senator Chambers, will you close debate on this matter with your reply.

SENATOR CHAMBERS: Yes, I shall Mr. Chairman. Senator Kelly made a reference to not having your way so you don't vote for an item that you disagree with. That is what a vote is for to express your disagreement Senator Kelly. There will be nobody or no groups of bodys on this floor who can make me vote against what I believe, or make me vote for something that I don't believe in. Now the rest of you may be buffaloed and bulldozed by those kind of remarks. But, I think that it is very childish and I think that it is very unmanly and unwomanly to be influenced in your vote by somebody saying that if you don't vote the way that I want you to vote you are like a child running home with your marbles. Well what I say to Senator Kelly is that I see him as a little child who is afraid to vote his convictions, because of what other people might say. But, it would depend upon what 15% of the bill that he disagrees with. If there were
